

QGLWidget

```
graph BT; MainView[Main View] --> QGLWidget[QGLWidget];
```

A diagram illustrating a class hierarchy. At the top is a rectangular box labeled "QGLWidget". Below it is another rectangular box labeled "Main View". A vertical arrow points from the top center of the "Main View" box to the bottom center of the "QGLWidget" box, indicating that "Main View" inherits from "QGLWidget".

Main View
